

Customised Plan Web

Below are the variable factors on which the customised Packages will be based

1. Product / Article Qr Codes
2. Data storage
3. Number of sub logins
4. Branding
5. White Labelling

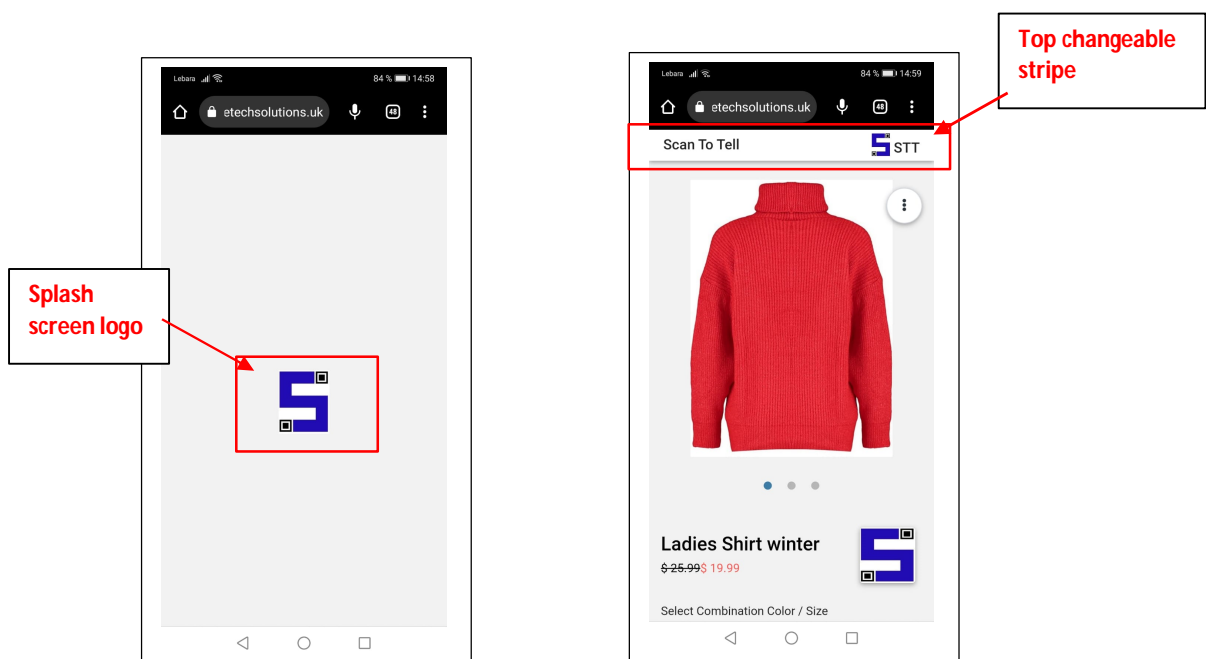

Customised Level	Product /Article Qr Codes	Date storage	Number of Sub Logins	Price/month (EU)
Level 1	5,000	75 GB	10	500
Level 2	10,000	200 GB	20	1000
Level 3	Unlimited	Extra Chagres /10GB (75 EU/10GB)	Extra charges per user (50EU/user)	1500 + Extra storage and user charges

Branding

There are two level of Branding, means that all of the QR Codes generated form this login and its sub login will carry the below things.

This Branding is offered only in React JS page and NOT for the STT APP. For STT mobile APP, our logo will remain as it is.

Level	Splash screen logo	React JS Page top Stripe	Installation charge one time (EU)	Price/Month (EU)
Level1	Changed with the required company logo	X	1,500	1,000
Level 2	Changed with the required company logo	Change with the company Logo and name	2,500	1,500

White Labelling

It is to replace the qrcode-stt.com with the company domain. This **NEEDS TO DISCUSS**.
